PERSONAL PROFILE

A person who pays attention to details and is adept at using various platforms and environments; a friendly individual to collaborate with and is hardworking.

EDUCATION

Centennial College, Toronto, Ontario, Canada.

2022 – Present

- Cumulative GPA: 4.25 / 4.5
- Relevant Courses: Programming I, II, III | Web Application Development | Advanced Database Concepts | Unix/Linux Operating Systems | IT Project Management | Software Systems Design
- Key Achievements: In a COMP229 full-stack development course, my group developed a grocery store application as our final project over six weeks. With my prior experience, I led as a full-stack developer, managing the repository, testing merges, and deploying projects to Render and netlify. Our project, a CRUD system, met our initial design, earned us an "A" grade, and highlighted the importance of team collaboration in application development.

Tecky Academy

MicroMaster in A.I. and Programming
